**SUBJECT:** McCloskey Case - follow-up

---

Blacksburg Police confirmed for a reporter today the make and model of the two vehicles held in connection with the death of Brian Joseph McCloskey. A local reporter discovered that police were in possession of a 2006 Ford Excursion and a 2002 Chevrolet Tahoe. The Tahoe was seized from a private residence in Berryville, Virginia on November 9, 2005. The Excursion was taken from the Magic City Ford lot in Roanoke, Virginia on December 8, 2005.

Police are not calling either SUV a “suspect” vehicle at this point. Tests and analysis are continuing to determine if either vehicle may have been involved in the incident on November 5, 2005 on Christine Court.
